AND DISTRIBUTION Co., Saida, Lebanon**

Our products are top quality products in Lebanon.

OUR STORY

Harvest's story began generations ago with the great-grandfather, who laid the foundation for the family business. He started with a simple vision: to provide the best quality products to the community. Operations were modest, focusing on selling goods in bulk. Over time, the business evolved, leadership transitioned smoothly through the generations, and the offerings diversified to meet growing customer demands. Recognizing the need to adapt, the company shifted from bulk sales to packaged products, ensuring convenience and quality. Today, Harvest thrives under the latest generation's leadership, blending ancestral wisdom with contemporary innovations. The commitment to excellence remains strong, as the company continues to deliver the finest products to the table, always proud of its heritage and journey.
